

SPONSOR

MAKE THE MOST OF YOUR SPONSORSHIP DOLLARS.

Companions for Children has been a valuable resource for families in the Minot community since 1972; providing hundreds of children with volunteer mentors. Mentors provide children with someone else to talk to and a positive role model outside of their home. Mentors can help them sort out a problem or just listen and be supportive.

To increase the ability to impact more children, Companions for Children implemented Minot's first school-based mentoring program in January 2017; Lunch Pals. In this program mentors meet with their mentees two times per month for lunch at their designated school.
